

# Spring Workshop Series!

**edtec** and

have partnered to offer a series of helpful workshops in the **Bay Area** and **Los Angeles!**

## ~Workshop #1~

### *Replicating your Successful Charter School*

California's students need more great charter schools. If you're having success at your charter, you should consider replication to assist in meeting that need. Replication requires a strategic approach to a number of financial, legal, and operational considerations in order to be successful. Come hear and discuss the best practices within the charter school movement to a successful replication!

**April 16th in Los Angeles**

Workshops run from 9 AM - 12 PM

**April 18th in Emeryville**

## ~Workshop #2~

### *Preparing your Charter Petition*

Congratulations on your decision to open a charter school! We'll take you through the key legal and financial considerations you will need to address in your petition and as you build your new school. We'll go through the submission and approval process and give you some inside tips from two organizations that have helped hundreds of charter schools receive approval and begin operations.

**May 9th in Los Angeles**

Workshops run from 9 AM - 12 PM

**May 14th in Emeryville**

**Space is Limited!  
R.S.V.P. Today!**
